END OF WAR IS IN SIGHT

London Thinks Orange Free State Will Submit Within a Week.

BOER ROUT COMPLETE

Gen. Roberts Victory Has Produced Consternation in City of Bloemfontein.

FRENCH FOLLOWING BOERS TOWARD THE TRANSVAAL.

Discouraging News From Mafeking Indicates That Unless Relieved it Must Soon Capitulate—Rumor That the Two African Republics Have Made Peace Overtures to the British Government—Kruger Says That God is Testing the Boer People—Warren's Division Will Join Gatacre.

London, March 9—[Special Cablegram]—The news of Kruger's inability to stem the route of the Boers is believed here to augur the beginning of the end of war. No long time should elapse before Bloemfontein is occupied and Gen. French may have already entered it. A Lourenzo Marques dispatch says: "Gen. Roberts' victory has produced consternation at Bloemfontein and it is expected that the submission of the Orange Free State will come within a week."

Kruger Makes Overtures

London, March 9—[Special Cablegram]—It is persistently reported this afternoon that President Kruger has made overtures to Lord Salisbury for peace. His appeal is said to have been unofficial but included terms which the Transvaal would accept. It is further stated that Salisbury replied by refusing to accept terms which don't concede all things the British asked for even before the war began.

Kruger Rouses the Burghers

Lourenco-Marques, March 9—[Special Cablegram]—Kruger roused the spirit of the burghers at Glencoe by inviting volunteers to accompany him to the front, as he wished to have a shot. In the course of his address at Glencoe, Kruger remarked that he did not know whether arbitration or intervention would end the war, but it would end perhaps within next month. Some hundreds of Leyds' continental recruits are expected here on the next boat.

Warren to Join Gatacre

Durban, March 9 -Special Cablegram]—General Warren's division, ten thousand strong, is reported to have been ordered to jain Gatacre on the southern border of the Free State.

Two hundred and fifty blue jackets and naval officers arrived today from Ladysmith. They were given a tremendous ovation.

Gen. White left Ladysmith today for Pietermaritzburg.

Boer Rout Was Complete.

London, March 9—[Special Cablegram]—General Roberts wires the war office from Poplar Grove under today's date as follows:

"Kruger and Steyn were both present at the fight on Wednesday and did all in their power to rally their troops. The Boer rout, however, was complete, their men declaring they could not stand against the British artillery and such a force of cavalry."

French Following the Boers

The Boers appear to have made no stand whatever except that while in retreat they twice repulsed Gen. French's cavalry with rifle fire. As no report has been made of the capture of prisoners the enemy probably got away with their entire force. Gen. French is still following them and keeping between them and Bloemfontein.

The evacuation of the northern districts of Cape Colony is now nearly complete. The British are in possession of the railroad crossings.

Mafeking Near to Disaster

The military critics comment on the discouraging news from Mafeking. Colonel Baden-Powell seems to be in grave need of outside help. Otherwise he would not allow the correspondents to send out information respectiong the distress of the garrison.

A readjustment of some of the higher commands is taking place. General White is to go to Stormberg to take supreme command of Gen. Gatacre's division and the tenth division, now in process of formation, will be under the immediate command of Gen. Hunter, Sir George White's chief of staff.

Peace Overtures Are Rumored

The Daily News makes the following editorial announcement:

"It was rumored in London yesterday—and we have some reason for believing the rumor to be correct—that the two republics made informal and inofficial overtures of peace on the preceding day."

Kruger Cheers Despondents

Pretoria, March 9—A special dispatch from Bloemfontein says that President Kruger, addressing a crowd of people said:

"Although God is testing our people my personal opinion is that the limit of the test is nearly reached. If the people are sustained by faith in the time of adversity God will soon again turn the tide in our favor. If we have strong faith in God He will surely deliver us. The God of deliverance of the olden time is the same God now."

The speech of the venerable president brought tears to the eyes of men and women alike.

Total British Losses 13,150

London, March 9—[Special Cablegram]—A close approximation of the British losses as reported to date places the total at 13,150 as follows: Killed 2,000; wounded 7,000; missing 5,325, died disease 900. The Irish regiments suffered proportionately more than any others.

NOMINATE DEBS FOR PRESIDENCY

Job Harriman of California For Vice President—Social Democracy In Convention.

Indianapolis, Ind., March 9—[Special Telegram]—Eugene V. Debs was nominated for the presidency of the social democracy today. Job Harriman of California, was nominated for the vice presidency.

STEAMER CUVIER SUNK IN CHANNEL

Collided With an Unknown Boat and it is Feared That Her Crew is Lost.

Calais, March 9—[Special Cablegram]—The steamer Cuvier was sunk in the channel today by a collision with an unknown steamer. It is feared a majority of the Cuvier's crew is drowned.

HAY-PAUNCEFOTE TREATY WILL PASS

It Has Davis' Amendment Giving U. S. Privilege of Fortifying the Canal.

Washington, March 9—[Special Telegram]—The senate committee on foreign relations, has ordered a favorable report on the Hay-Pauncefote treaty, with the Davis amendment attached. The amendment gives the United States the privilege of fortifying the canal.

ROOT MAY SOLVE THEIR PROBLEMS

Secretary af War Gaining the Confidence of Cuban Leaders In Havana.

Havana, March 9—[Special Cablegram]—There has been a cessation of the hostile criticism on Root's visit and Cuban leaders expect to find in the war secretary's council a satisfactory solution of Cuban problems. Root is having prolonged conferences with Gov. Wood and other American officials.

SEVEN PRISONERS OCCUPY NEW BASTILE

Were Transferred From the Old Jail to the New Last Evening By Sheriff Appleby and Deputy Brown.

Officers and prisoners have deserted the old Rock county bastile for the new. Sheriff W. W. Appleby and Deputy Samuel Brown last evening transferred the prisoners into their new quarters. Seven prisoners were the total number consigned to the new jail.

The new bastile is one in which prisoners are not likely to escape. Hardened steel lines every portion of the building in which the prisoners are confined. There are a total of eighteen cells. Each cell will accommodate four prisoners. Canvas hammocks are provided as well as bath rooms for each department. The criminals are kept apart from the tramps and drunkards.

Special departments are provided for juveniles and women. These departments are in special portions of the buildings from where the men are confined

The prisoners transferred last evening are: William Heis, William Monroe, Frank Waldon, John Taylor, John Courtney, John Mosher and Henry Wicks.

TOBACCO CROP IN CUBA VERY LARGE

Small Holders and Renters Have Turned From Cane to Tobacco.

HARVESTING IS BEGUN

Prices For the Product Promise to be Better Than it Has For Years.

Tobacco Culture in Cuba Costs Little and Brings Quick Returns—Reconcentrados May by One Year's Work Lay by Reserve for the Future—Poles for Drying Leaves Furnishing a Big Business.

Cienfuegos, March 9—The tobacco crop in Santa Clara Province this year will be by far the largest ever raised, as thousands of small holders or renters, having no oxen for the handling of cane, have turned to tobacco as a crop requiring little outlay and bringing a speedy return.

The province contains 8,733 square miles and over 500,000 people.

Before the war there were 966,587 cattle in the province, but there are probably not one-tenth of that number now.

Harvesting Has Begun

Harvesting has begun. The whole plant is not harvested at once, but the lowest leaves are gathered at intervals, and hence the harvest continues for several months. The prices are likely to be good, so that many of the former reconcentrados in this province, and they are an index of conditions all over the island, will be helped out of debt and may get a little stock ahead by this year's tobacco crop.

Year's Crop Abundant

Its abundance and quality are due to exceptionally favorable weather.

In many places the palm trees have been stripped of leaves to thatch the new shocks or to cover new tobacco sheds. Only a fraction of the land available for tobacco is now cultivated, and in many places where there are only patches there might be fields.

Probably a major part of the crop in this province is raised by small holders cultivating from one-eighth of an acre to five or ten acres.

Drying Poles Cutting Profitable

The furnishing of poles on which to hang the tobacco leaves to dry constitutes a small business by itself. These are cut at a distance in the mountains.

SENATOR DAVIS MAY BE A CANDIDATE

Minnesota Senator Suggested as Presidential Possibility—Tip from Several Sources.

Washington, March 9—Senator Morgan of Alabama approached Senator Jones, chairman of the democratic national committee, this afternoon and asked him what he thought about Senator Davis of Minnesota as a republican candidate for president.

"He would be all right if he were not tied to the McKinley wagon hand and foot," Senator Jones replied.

"But he is not tied to anybody's wagon," Morgan declared with emphasis. "He is getting farther and farther away from the president and I know his friends are talking about him for president."

Senator Morgan certainly ought to possess special information about Senator Davis' intentions, for they have been together almost constantly for a month. In this same connection the tip that Senator Davis might consent to be a candidate against McKinley has emanated from half a dozen sources, all more or less reliable.

The Minnesota senator by his advocacy of free trade for Porto Rico has separated himself from white house influence and appears to be ready to accept any favor that may come his way from the republican party as a result of his independence.

ROCK COUNTY FARMERS MEET

Interesting Papers Read at the Beloit Convention.

Beloit, Wis., March 9—The Rock County Farmers' institute is being held in the opera house today. The program yesterday consisted in the discussion of manures, by W. F. Stiles; poultry, by C. E. Matteson; cultivation, by W. C. Bradley; dairy cows, by C. P. Goodrich; domestic science, by Mrs. Helen Armstrong, and state Superintendent Harvey spoke on the study of agriculture in our public schools. Last evening W. C. Bradley, the institute conductor, gave an address on "Farmers and Education." The small interest Beloit people have taken in the institute causes much comment on the part of many visiting farmers.

ARE MUCH WORRIED OVER THE OUTLOOK

McKinley Very Earnest in His Advocacy of Porto Rico Bill.

PUBLIC CLAMOR GREAT

Caucus of Senate Republicans to Arrange Program for Party Harmony.

Opposition to the Bill Seems to be Coming Mostly From Indiana, Illinois, Minnesota and the Two Dakotas—Methodists are Strongly Against the Measure and are Remonstrating With the President.

Washington, March 9—Great effort are being made by the republican leaders of the senate to arrange some sort of a program which will secure party harmony. Last night the "steering committee" of the senate held a conference with the president, and found Mr. McKinley exceedingly earnest in his advocacy of the 15 per cent Porto Rico tariff bill. The members of the committee appear to be fairly well agreed that the only safe course is to stand by the bill "until the storm blows over."

At the present time it is not denied that both the president and the republican leaders in the senate are much worried over the outlook. They do not doubt their ability to pass the bill under the party whip, but they are afraid of the effect upon the country. There appears to be no relaxation of the public demand for justice to Porto Rico. Letters and telegrams by the bushel are pouring into the senate, and all are from men who oppose the Foraker bill.

Clamor From a Few States

Leading republican senators say the "clamor" for justice to Porto Rico comes from but a few states. They think it is confined to Indiana, Illinois, Minnesota and the two Dakotas. Though they admit there is a little of it in some other sections of the country, the most of the demand, they aver, comes from the states named.

A New England senator said today he had not received one letter or telegram from his state concerning the question. An Iowa senator said he had received but one communication. There is naturally a good deal of curiosity to learn why public sentiment is so strongly aroused on this subject in some parts of the country and so indifferent in others. No one is able to offer an adequate explanation.

What Supreme Court May Do

There has been a great deal of discussion in Washington as to what the Supreme court will do with the constitutional question involved in the Porto Rico case if that problem be brought before it. One of the ablest constitutional lawyers in the city today offered a new theory as to the judgment of the court. Usually public men and lawyers express the opinion that the court will sustain their views of the question, but this jurist suggests that the court will adjudge the question to be purely a political one with which the court has nothing to do and render no decision at all.

Methodists Oppose the Bill.

Bishop Hurst of the Methodist Episcopal church has been a frequent caller at the White House lately and it is understood his talks with the President have related to the peculiar situation in which the administration finds itself in relation to the Porto Rico bill. The church people have shown remarkable sensitiveness on this question and the Methodists are no exception.

The Methodist ministers have been very proud of President McKinley's record and have pointed to it as made by a man who was reared under the influence of Methodism and is a conspicious member of that church. They have upheld the President's hands in war and peace, maintaining that he has always been governed by love of humanity, and they cannot believe he has been persuaded to abandon the "plain duty to Porto Rico" outlined in his meesa ge.

PREDICTS AN UGLY ANGLO-FRENCH WAR

French Ambassador at the Porte Says It Will Come When the Exposition Closes.

Constantinople, March 9—[Special Cablegram]—The French ambassador at the Porte is quoted as having said to the Turkish officials that the ministerial circles in Paris are of the opinion that an Anglo-French war could not be postponed beyond the close of the exposition.

GOES TO A SOLDIERS' HOME.

Major-Gen. McCook in Straitened Circumstances—A Physical Sufferer.

San Francisco, Cal., March 9.—Major-Gen. Edward Moody McCook, one of the celebrated "fighting McCooks," who was brevetted and promoted for bravery and gallantry during the rebellion, was twice territorial governor of Colorado, was first national commissioner to Hawaii, who inaugurated woman suffrage in Colorado, and was at one time the richest man in that state, went from this city Thursday to enter the Soldiers' Home at Yountville. He is suffering from rheumatism, and is in straitened circumstances. In 1859 General McCook was a member of the territorial legislature of Kansas, which was then preparing for statehood. Later he went to Washington and secured the territorial organization of Colorado. When Fort Sumter fell he began one of the most notable military careers in American history. He was promoted and brevetted eleven times, and was made major general for conspicuous gallantry. At Mossy creek, with one division, he attacked and captured two of Jackson's divisions, and took eight battle flags, 2,500 prisoners, and all of their artillery. He commanded the cavalry of the Army of the Cumberland through the Atlanta campaign. With only 2,100 men he penetrated the enemy's line to prevent General Taylor from re-enforcing General Wood, who was shut up in Atlanta; destroyed Hood's entire transportation train of 800 wagons and 3,000 horses and mules, and captured three generals and more than 300 line officers and a large body of men. On his return he cut his way through General Joe Wheeler's 4,000 cavalry and two brigades of infantry, swam the Chattahoochie river, and rejoined the main Federal army at Marietta, after losing 900 of his men. President Grant appointed him governor of Colorado. He declined the postmaster generalship of the United States.

QUEEN BOWED TO STARS AND STRIPES

Tremendous Ovation to Victoria in London—American Colony Displayed Enthusiasm.

London, March 9—[Special Cablegram]—The queen drove through the West End, the fashionable part of London today, and was received with a tremendous ovation, particularly notable for the American enthusiasm displayed. Just before the queen arrived in front of the American embassy a big American flag was unfurled. On passing the queen bowed thrice to the stars and stripes.

VILLAGE OF ALBION MAKES A BIG KICK

Does Not Want Its Postoffice Eliminated By Postal Route From Edgerton.

Washington, March 9—There is trouble over a proposed postal route from Edgerton in Rock county. The route is proposed by residents of the vicinity, and runs north across the county line into Dane county. Should it be established, the people who live near and get their mail from the postoffice at the village of Albion, fear their postoffice would be suspended by the department, and they have sent vigorous protests to Congressman Dahle against the abolition of their postoffice. Albion is not on the railroad, and the mail is brought to the village postoffice by a mail carrier.

NATIONAL LEAGUE REDUCES CIRCUIT

Eight Clubs Only Will Play—Drop Baltimore, Washington, Cleveland and Louisville.

New York, March 9—At 1 o'clock this morning the National league finally succeeded, after three months of effort on the part of its circuit committee in reducing its baseball circuit to eight clubs.

After the adjournment John T. Brush announced the result of the meeting. It is that four clubs—namely: Baltimore, Washington, Cleveland and Louisville—would drop out of the National league, leaving a circuit of eight clubs.

It was learned that the prices to be paid the retiring clubs for dropping out are as follows:

Baltimore, $30,000 for its franchise, the club to dispose of its playeas to the best advantage. Washington is to be paid $39,000 for its players and franchise. Cleveland is to get $15,000 and Louisville $10,000.

GEN. HENRY HARNDEN IS ILL

Wisconsin G. A. R. Commander in a Critical Condition

Madison, Wis., March 9—General Henry Harnden, Department Commander of the G. A. R. in Wisconsin, is critically ill at his home in this city.

General Harnden has been ill with the grip for a week. He experienced a sudden change for the worse and his friends are much alarmed.

SEVENTEEN CASES BUBONIC PLAGUE

Consternation Created in Puget Sound Over Official Report.

IT IS THE REAL THING

Disease is Brought by a Japanese Tramp Ship to Port Townsend.

Vessel Arrives in Puget Sound in Filthy Condition—Precautions Taken to Prevent Spread of the Dread Contagion—Quarantine in San Francisco Chinatown is Made More Rigid—Three Policemen Stand Guard in Each Block.

Tacoma, Wash., March 9—[Special Telegram]—Consternation was created in Puget sound cities today by the official announcement that seventeen cases of bubonic plague have existed at Port Townsend for nearly a month.

Early in February the Japanese tramp ship Nanyo Maru arrived there with a suspicious disease on board. The ship was ordered into quarantine at Diamond Head and has since remained there. Two men had died on the voyage over and at least one more succumbed after reaching Port Townsend.

Quarantine officials at first would not state what the disease was, but later gave out that it had been disguised as beri-beri. Today it was officially announced that the disease is nothing less than bubonic plague, to keep out which no adequate preparations have been made by either Seattle or Tacoma.

Nevertheless very strict precautions are being taken by the United States quarantine station and it is expected that these will suffice to prevent the spread of the disease from the Nanyo Maru or any other vessel having plague aboard.

Quarantine In San Francisco.

San Francisco, Cal., March 9—There were rumors last night that another "plague" case had been discovered, but investigation showed that the story had little basis. A Chinese died at the city and county hospital, but the doctors who attended the patient said he had no plague symptoms.

The quarantine in Chinatown was made more rigid today. Wires and ropes were stretched around each block in the quarantine district and three policemen stand guard on each block. This leaves the streets open for traffic, but keeps occupants of the district confined to the block in which they live.

HARRISON IS NOT IN THE RACE

Authorized Statement That Ex-President is Not a Candidate For President.

Indianapolis, Ind., March 9—An authorized statement was given out today by a personal friend of General Harrison regarding his Porto Rican expression.

"The persistent effort to make it appear that General Harrison is planning to step forward as an anti-administration leader, with the hope that he may be called on to become a candidate for president," this friend says, "is especially distasteful to him. He has not the slightest desire to re-enter politics and all reference to his political aspirations are gratuitous. You may say that if General Harrison had any thought of re-entering politics which he had not, he would not make his reappearance by criticising the administration."

WINNER WILL GO TO DENVER

Much Interest in State Oratorical Contest Tonight.

Beloit, Wis., March 9—The winners of the state oratorical contest tonight will represent Wisconsin in the interstate oratoricla contest at Denver in May and there is great interest in the outcome. The list of speakers and their subjects is as follows:

"The Historical Plan of the Boers"—Miss S. Clyde Mitchell, Ripon college.

"British Rule in South Africa"—W. R. Davis, Ripon college.

"Macbeth and Iago"—William S. Wescott, Lawrence university.

"Battle of Gettysburg"—Claude D. Cole, Lawrence university.

"The New Era"—P. H. Ralph, Beloit college.

"The Saxon or the Slav?"—George Dudley, Beloit college.

Judges of the contest: On Thought and Composition—Dean E. A. Birge, Madison; J. M. Bailey, La Crosse; T. J. Kelley, Milwaukee.

On Delivery—Judge W. S. Stroud, Portage; the Rev. B. B. Dilner, Madison; R. M. McMynn, Milwaukee.

Sixteen Men Killed

Paris, March 9—[Special Cablegram]—Sixteen men were killed at Mines today by an explosion of fire damp in a coal mine.

CRIMINAL HAD ON JOINER'S TROUSERS

CHIEF HOGAN AND SHERIFF APPLEBY AT CLINTON.

Business at Olds Seed Warehouse Opens Up Brisk For Spring Business—Modern Woodmen's Pleasant Meeting—Funeral of Miss Cenie Osborn Clinton News.

Clinton, March 9—Officer John W. Hogan and Sheriff Appleby of Janesville spent a little time in Clinton Wednesday, coming down on the morning train and returning at 11:15 a. m. In the meantime they secured a livery and drove to Darien, returning soon with a prisoner—a tough looking customer, who it is said, robbed S. H. Joiner on the Emerald Grove road. In evidence of this attention was called to the fact that the culprit had on Mr. Joiner's trousers.

The Clinton Camp No. 259 of Mystic Workers of the World will hold their regular meeting in the Woodman hall on the second Tuesday of each month.

The business of filling orders at the L L Olds seed warehouse is commencing in good earnest. Up to March 1st 317 order had been received as against 207 for same period last year. Five or six men are now steadily employed in packing seed and nearly as many more will be added when orders come in plentifully and shipments begin. Mr. Olds is confident that his business this year will be double what it was in 1899.

The Modern Woodmen held a pleasant and successful meeting Tuesday evening of this week. Two new members were initiated. After the business of the camp was concluded Dr. William Botzer had a surprise in store for the members in the way of a substantial supper which he had generously provided. The refreshments were served by Mrs. Botzer, Mrs. Robert McGregor, Mrs. Frank Rader and Mrs. L. J. Merrill.

The remains of Miss Cenie Osborn who died in Cincinnati, March 3rd arrived Wednesday. The body was accompanied by George Dana, Mrs. Alice Burnett of Cincinnati and Mrs. Eugene Dana of Charleston, W. Va. Funeral services were held at the home of James P. Chamberlain at 2 p. m. of the same day, conducted by Rev. William Moore. The Episcopal form of service was used. A quartette composed of Mrs. Geo. Barrus, Mrs. Eva Tuttle, L L. Olds, Geo. Hudson rendered the song service with with Mrs. E. B. Budlong organist.

The recent snow which fell is said by old citizens to be the heaviest in weight of any they ever saw.

Mrs. C. L. Tuttle is home again having visited for a few weeks in Chicago.

Mr. and Mrs. C Strang are again residents of Clinton.

Miss Mayme Jones is seriously ill at her boarding place in Stoughton where she has been teaching school. Mrs. Rosa Jones of this village is caring for her.

Frank J. Barker recently marketed a car load of sheep.

Miss Martha Klingbile has been missed lately at her place in Thomas & Derrwaldt's on account of sickness.

Mrs. Alice Inman and J. R. Conley were among those who had business in Janesville this week.

Darius Winkley left for Ripon Wednesday on business.

Cyrus Griswold is still confined to his bed with but little hopes for immediate improvement.

Miss Mable Hartshorn is spending a few days in Janesville this week.

C. J. McMichael left Tuesday for his home in Rudd, Ia., business matters rendering it impossible for him to remain longer.

FAIRFIELD.

Fairfield, March 9—Several of our farmers shipped their surplus pork to Chicago last week. Quite a number from this vicinity attended the entertainment at Darien last Friday evening. Miss Bertha Clark is spending a week at the home of her uncle, C. H. Serl of Delavan. Rev. Potter conducted services at the M. E. church last Sunday, in place of Rev. Jones, who was unable to be present by reason of a severe accident. Mrs. John Dykeman spent last Sunday with friends at Delavan. Mrs. Grace Haight of Johnstown, visited at A. D. Clark's on Wednesday last. Miss Susie Swarts of Clinton, attended the Fairfield church last Sunday. Mrs. Rose Dickens of Darien, formerly of this place, is seriously ill. C. E. McCarthey makes weekly trips to Chicago to see his wife, who is getting along nicely. The present good prices paid for beef and pork will induce some of our farmers to sow less small grain, and raise more cattle and hogs. Miss Janette Inman closed her school last Thursday for the spring vacation, and Miss Mores closed her school on Friday. Mr. Webber and family moved to their new home north of Delavan last Thursday. There was a fair attendance at the banquet given by the Italia club last Friday evening, and those present report a pleasant time. S. D. Serl will not move to Milton, as he had planned, but will remain in this vicinity for the present. Bert Dykeman and his sister Ann will occupy the place vacated by Mr. Serl. Glen McCarthy will go to Chicago this week to visit his mother. Mrs. Rokenbrodt will accompany him. The many friends of R. L. Inman will be glad to know that he is improving from his late serious accident, although it will be some time before he fully recovers from his injuries.

MILTON JUNCTION

Milton Junction, March 8—A tool house on the Prof. Crandall place burned Tuesday night about nine o'clock. It is supposed the chimney of the house must have burned out and sparks from it set fire to the other buildings. The high wind made it burn rapidly. We do not know the amount of loss whether it was insured or not. The place is occupied by Josh Clarke.

Mr. Nicholson was over from Edgerton Saturday night to extract some teeth for Mr. Sheperd Mills which have been troubling him very much.

At the High School junior contest last Wednesday evening Miss Lilian Coon carried off the first prize, Miss Florenbe Burdick second and Mabel West third. The others did well also. Wednesday evening the contest between last year's prize winners (Miss Martha Stockman first and Miss Nellie Killam second) and the winners in this year's contest took place. Those getting first and second place will represent the school at the High school contest at Edgerton.

Mr. and Mrs. Fremont Smith are the proud parents of a baby girl.

Mr. and Sylvanus Smith will move into the house on Madison avenue this week if the weather permits.

Benjamin Miller of Rhinelander is visiting his brother-in-law. L. Coon and other relatives in this vicinity the present week.

The I. O. G. T will hold a poverty social at their hall Saturday evening.

Mr. and Mrs. Thomas Langworthy formerly of Albion are now settled in their new home recently purchased of Coge Ainsley on Vernal avenue.

Geo. W. Coon is in Iowa on Insurance business for a week or two.

Mrs. Chas. Clarke is taking treatment in Milwaukee in Osteopathy.

Little Cora Tickner has returned from a several months visit with her aunt in Chicago.

E. D. Coon attended the farmers convention at Albion this week.

FOOTVILLE.

Footville, Wis., March 9—First real good sleighing of the season has been enjoyed for last few days. The fourth date of the entertainment course was ably filled by Miss Mary Gilbert, reader and violinist, of Minneapolis, Minn. As far as can be learned she gave universal satisfaction and we hope for her return in some future date. Rev. H. C. Logan officiated at the funeral of the late Mr. Vanaulstein of Hanover on Thursday. Mr. Vanaulstein died in his 86th year, being an old resident of the town of Plymouth. Special gospel services are still in progress at the Christian church. Our new hardware merchant, L. W. Clatt, is in town arranging for the erection of his new store. Mrs. Emma Tollefson, who has been home on account of her mother's illness, returned to her school work at Milwaukee on Tuesday. Mas. D. N. Howell is reported as improving fast. Mrs. John Langdon and her daughter Nellie went to Janesville Thursday. Mr. and Mrs. Ed Mattice went to Chicago Monday to purchase a fresh supply of dry goods. Mrs. T. Dooley, who has been poorly for some time past, died at her home near Footville Tuesday night.

Robert W. Strang.

Within a few months of the end of his fortieth year of life, Robert W. Strang went out from our midst in the early morning of March 8. Having been seriously ill for nine months his death was not entirely unexpected, but the blow to the entire community is no less keenly felt. All that loving friends and medical skill could do was in vain. A man universally respected and a friend universally loved, is gone from us forever. At his late home on Wednesday afternoon at 1 o'clock, and at the Methodist church in Footville at 1:30 large numbers gathered to participate in the last services that may be rendered to those whom God has summoned to himself. These services were conducted by Rev. Harlan C. Logon of the Methodist church, assisted by Rev. Frank Mutchler of the Christian church and Rev. John Lugg of Lyons. At the grave in Grove cemetery the ritual of the Modern Woodmen, of which lodge the deceased was a member, was read, accompanied by impressive ceremonies. The pall bearers, all old time friends of Mr. Strang, were: C. R. Vesper, J. P. Devins, C. W. Hawk, F. Snyder, M. J. Owen of Footville, and W. M. Ross of Janesville. Besides other numerous relations, an aged mother, wife and two children are mourning a much loved son, husband and father.

INDIAN FORD

Indian Ford, March 9—Miss Zellah Hutson is visiting relatives and friends at the Ford. Mrs. Louise Scarcliff has so far recovered from her long illness as to be able to ride out. Fay Price is gaining slowly, after a few days' illness. Mr. and Mrs. John Dawe and son Harold were welcome callers at the Ford Friday. John Lyber and Mr. Kumlien of Sumner, visited the Good Templars' lodge Saturday evening. Mrs. Emery Shaler is home, after an extended visit with friends in Chicago. Mrs. Sarah Shuman spent a few days last week at the home of W. Price. The Good Templars will hold a "poverty social" Wednesday evening, March 14. The usual fines for being "dressed up" will be imposed. Supper will be charged at so much a foot. A good time is anticipated.

JOHNSTOWN CENTER

Johnstown Center, March 9—The dance at Forrest's hall for the benefit of the royal Neighbors was quite well attended considering the numerous parties in the vicinity, about twenty eight couples were in attendance. Saunders orchestra furnished the inspiration. Mr. Waters has moved into the east part of Mr. Forrest's house. Mr. Kingsley has moved into the house lately vacated by Mr. Waters. Mrs. Charles Stoller has moved into the west part of Mrs. Denton's house. Mrs. Kingsley has recovered from her illness. Mrs. Lillie Johnson of Janesville visited at Mrs. Rockwell's last Friday. School closes next Friday, the closing exercises being held in the evening. Mrs. David Gray was in Janesville Tuesday. Charles Forrest was home from Janesville over Sunday. The Ladies Aid society met Wednesday afternoon with Mrs. Nellie Pember. Mr. Walker is slowly growing weaker.

MARRIED WOMEN'S DEBATING CONTEST

An Affair That Promises to be Interesting at Milton Next Tuesday Evening

THE GAZETTE AGENCY
W. W. CLARKE, Manager,

Japs Must Remain at Home.

Tacoma, Wash., March 9.—The steamship Tacoma brings the news that the Japanese government has prohibited further emigration of Japanese to Hawaii. For months thousands of Japs have been leaving Yokohama monthly, being shipped generally by employment bureaus, which expected a fee from each. It now develops that 4,000 more Japs have been shipped than the agencies had employment for. These laborers are now in distress, and the strict sanitary regulations enforced at Honolulu add to their troubles. Japan is contributing to their support.

M'KINLEY'S SIDE GIVEN.

An Authoritative Statement of His Position Regarding Puerto Rico

BY A MEMBER OF THE CABINET.

He Contrasts the Action of the Opponents of the Measure with That of Those Who Believed Slavery Could Be Constitutionally Extended.

Washington, March 9.—A member of the cabinet gives out the following authoritative statement:

"There has been a wide misapprehension of the Puerto Rican tariff bill, of the attitude of the president, of the action of congress and of their relations to each other. When the country correctly understands the truth, as it certainly will, it will thoroughly approve what has been done.

"The attempt to represent that there has been a disagreement between the president and congress is wholly unfounded. There has been no essential difference between them. Both have sought the same object. The recommendation of the president and the house bill, in their purpose and effect, amount to the same thing. As a consequence each rightly sustains the other. A simple statement of the facts will make this plain.

"The president in his annual message of Dec. 4 urged that the customs duties on trade between Puerto Rico and the United States should be removed, not as a matter of legal right, but of liberal and human public policy. What need of such a plea if the constitution of itself carried free trade to Puerto Rico? In that case free trade goes to her, whether right or not.

"What the president proposed was that the United States should offer the largest and most generous measure of help to the suffering island, and he has never wavered in the object he sought. Had his suggestion been accepted and followed by all in his spirit and as he meant it, with the limitations he intended, all would have been well. But when the time came for action in congress two tendencies were seen. On the one hand there were good men and some business and agricultural interests that feared free trade with Puerto Rico would be made a precedent for free trade with the Philippines. They felt there should be a distinct assertion and exercise of the power to impose duties, however small, as an assurance that this power was reserved for other cases.

"On the other hand, what the president proposed as a worthy act of national generosity and liberal policy was seized by political opponents and claimed as a necessary and inevitable measure of inherent constitutional right. They insisted that the constitution by its own force extends to Puerto Rico and all the new island possessions and spreads all its provisions over them, including uniform taxation. They were eager to commit a republican congress to a hard and fast principle which would expose the administration and its party to all the criticism and attacks that would be made on such a position.

"It was a cunning game, but it did not succeed. The apprehension of the honest objectors, who feared that the concession of full free trade to Puerto Rico would lead to misconstruction, and the designs of crafty partisans, who meant that it should, were both met and frustrated by the bill which passed the house and which levies 15 per cent, or less than one-sixth of the Dingley rates. It has the advantage of producing needed revenue, which, until civil government and law are fully organized in Puerto Rico, cannot be raised as well from any other source.

"The political heirs of those who put forward the dogma that the constitution of its own force carried slavery into the territory of the United States now maintain the dogma that the constitution of its own force carries free trade even into the new island territory of the United States, without any legislative action. It is an interesting circumstance that in this new epoch of our history the republican party is again battling for a principle kindred to that which gave it birth."

The first day's debate on the Puerto Rican bill in the senate developed sharp differences between republican leaders. Senator Foraker, chairman of the committee on Puerto Rico, who has charge of the bill, is one of the readiest debaters in the senate, but his abilities as a debater and his resources as a lawyer were severely tested in his efforts to answer all the questions and reply to all the constitutional objections raised against the tariff feature of the bill. He defended it as in harmony with the constitution and as a safe revenue measure for the island, but Senators Davis of Minnesota and Hoar of Massachusetts took issue with him in both contentions.

Senator Davis doubted the wisdom of the tariff provision, and Senator Hoar made the point that it was in direct conflict with the constitutional prohibition of a duty being laid on the exports from any state.

The senator held that this duty to be collected in Puerto Rico by United States officials under a law of congress could not be other than an export duty. He did not see how any court could sustain such a law, as the constitution was plain in its prohibition against laying duties on exports from any state, whether they were exported to another state or territory or to a foreign country.

Skeletons of Dervishes.

In London just at present the faddists and the curio collectors are vying with one another for the possession of skeletons of dervishes that have been brought back from the bloody plains before Omdurman. Some 150 to 200 dervish skeletons are on the London market; and experts in bones declare that their superiority over the average skeletons of commerce will cause no little stir in anatomical circles.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and when any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bradford county, Pa. For sale by Smith's pharmacy, next to postoffice, kodak agents.

WHAT DO THE CHILDREN DRINK?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing, and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about ¼ as much. All grocers sell it. 15c. and 25c.

NOTHING IS BETTER.

Impossible to Manufacture a Better Remedy.

Wisconsin People Make Good Witnesses of the Success it Has Achieved.

There can be nothing better for backache, nervousness, sleeplessness and all ailments arising from kidney disorders than MORROW'S KID-NE-OIDS. It is impossible to manufacture a better remedy. KID-NE-OIDS contain the very best ingredients that are good for ailments arising from the kidneys. The vast number of people in this city who have testified to the merits of KID-NE-OIDS is sufficient proof that none of our claims are false.

Mrs T. S. Johnson, 831 Harrison street, Beloit, Wisc., says: "I have been afflicted with kidney backache and other symptoms of disordered kidneys for some time past. During the continuance of my troubles I have experimented with kidney pills and other kidney remedies but did not get any relief until I used Morrow's Kid-ne-oids. In a very short time I was greatly relieved. I continued to take Kid-ne-oids and I am being relieved of all my former troubles very rapidly. I think Kid-ne-oids a splendid remedy for kidney troubles."

Morrow's Kid-ne-oids are not pills but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield Ohio.

NEW ELECTION LAW.

The new election law is now in force, and the preliminaries to be held on March 20 and the city convention to be held on March 21, will be conducted under its provisions, which, applying to this city, briefly stated, are as follows:

It must be noted in the first place that the new law regulating caucuses applies to general elections in all towns, cities and villages and to all regular city elections. It also applies to city caucuses for the election of delegates to a county convention. It does not apply to town caucuses for the nomination of town officers. They may be conducted in the same manner as heretofore.

The law provides three ways in which nominations may be made, viz:

First. By a party caucus.

Second. In nominations for city officers, by a convention of at least thirty electors, or nine delegates; for a ward office, by a caucus of at least ten electors.

Third. By nomination papers.

It is provided that in cities all caucuses of one political party shall be held at the same hour, which hour shall be designated by the city committee. The caucuses preliminary to a county convention must be held at the same hour in all the cities in the county, the hour to be fixed by the county committee. Notice of the time of holding such caucuses must be published in a newspaper. In towns where no newspapers are published, notices must be posted in three public places at least ten days before the caucus is held.

Every caucus under the provisions of this law must be held open for at least one full hour, and all votes for candidates or delegates must be by ballot. The chairman of the city or ward committee shall act as chairman of the caucus. A secretary and two tellers shall be chosen by the voters at the caucus. The chairman and secretary must take oath that they will faithfully, honestly and correctly conduct the voting.

The secretary is required to make a poll list of all persons voting at the caucus. Ballots may be written or printed, and shall be deposited by the voters, in the ballot box or other receptacle, the same to be placed in full view of the caucus officers and voters.

No person shall vote or offer to vote more than once for any candidate or delegate or set of delegates in any one caucus, nor in any caucus held in any caucus district in which he shall not at the time be a resident and duly qualified elector, and no person shall vote or offer to vote in any caucus where candidates are to be chosen, if he has already voted at the caucus of any other political party for candidates to be voted for, or for delegates to be chosen to a convention to nominate candidates to be voted for at the next ensuing election. If a vote be challenged, he cannot vote unless he makes an affidavit, as is required at an election.

The chairman and secretary of a caucus are required to canvass the votes, declare the results and certify the nominations immediately after the caucus adjourns.

Violations of any provisions of the law are made punishable by a fine not exceeding $200 or imprisonment, or both.

FEDERAL FINANCES

Milwaukee Sentinel—The fiscal year which began July 1, last, promises to make a very much improved showing, as compared with the preceding year, in respect to the receipts and expenditures of the government. Instead of a deficit there is likely to be a considerable balance at the end of the year, is apparent from the record of the first eight months of the year, which shows a surplus of $38,000,000 over the expenditures. The receipts for the eight months ending Feb. 28, were as follows:

	1899.	1900.
Customs	$190,876,651	$155,876,003
Internal revenue	178,628,454	195,348,519
Miscellaneous	15,909,083	26,721,403
	$325,414,188	$378,136,925

This is at the rate of over $47,000,000 a month which, if kept up, would bring the receipts of the year to $570,000,000. The expenditures have shown a very considerable falling off, particularly in the item of war expenses, the various expenditures for the first eight months of the fiscal year being as follows:

	1899.	1900.
Civil and miscellaneous	$36,619,057	$74,607,700
War	180,011,911	98,658,948
Navy	46,032,594	872,84,119
Indians	7,709,726	9,917,689
Pensions	95,268,031	95,859,273
Interest	28,862,413	30,887,856
Totals	$424,523,732	$340,673,611

Assuming that the ratio of expenditures for each month during the remainder of the year will be the same, the total expenditures will come to about $510,000,000, which would leave a surplus of $60,000,000 approximately for the year.

Big Chicago Church Burned.

Chicago, March 9.—The Second Presbyterian church, northeast corner of Michigan avenue and Twentieth street, was destroyed by fire Thursday night between 10 o'clock and midnight. When the fire was discovered the Christian Endeavor society was holding a festival in the lecture hall, in the north wing of the church. About 100 persons were in the gathering, but all escaped unhurt. The church was the second wealthiest in the city. The building cost $200,000, and is a total loss.

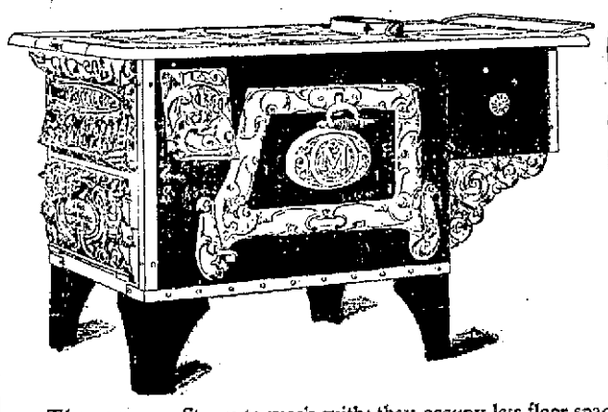
Moore's Steel Gem Cook Stove



A new kind of Stove that beats all records for superior points. They are made for either coal or wood and save from one-third to one-half the fuel used by other Stoves.

They are easy Stoves to work with; they occupy less floor space than ordinary Cook Stoves, and yet the oven is larger. It will bake faster and more evenly than any other Stove and is warranted not to warp. Water will boil on every hole. The grate is easily adjusted at the front as is also the ash pan. The STEEL GEM STOVE is guaranteed in every particular and is well worth investigating.

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by any "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, **round trip tickets being sold at.... $6.71**

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

SAMUEL M. SMITH MADE SECRETARY

JANESVILLE BOY HONORED AT MADISON.

Will Act as Secretary of the State Tax Commission—Position Carries With it a Good Salary—Meeting Was Held in the City of Madison Yesterday.

Samuel M. Smith of this city has been appointed secretary of the state tax commission. The appointment was made at Madison yesterday, and the position carries with it a goodly salary.

Mr. Smith stated today that he had not as yet resigned his position as secretary of the Janesville Machine company, but that he would in due time. He expects to reside in Madison.

Mr. Smith is 30 years old, a graduate of Beloit college, with degrees of B. A. and M. A., a student of the Law department of the university, and was admitted to the bar in 1894. He held the position of assistant cashier of the Merchants' & Mechanics' Savings bank of Janesville for two years. He was engaged in the practice of law in Janesville from 1895 to 1897. Since the fall of 1897 he has been the secretary of the Janesville Machine company, and is highly recommended as a man especially fitted for the work required.

The scope of a considerable portion of the tax commission's work for the year has been outlined, and the investigations in various lines are already far along.

It is the intention of the commission to give public hearings to the representatives of the various interests which will be specially considered in relation to the method of taxing and the amount of taxes paid. Thus when the commission has investigated far enough and secured the necessary data, they will make announcement, perhaps two weeks or four weeks in advance, that on a certain date a hearing will be given to, say, the representatives of the trust companies or the banks, or railway companies, or street railway companies or insurance companies or any of the various interests, but first and more especially those which are taxed under the license-fee system.

The purpose of these hearings is not merely to allow the representatives of the various interests to be heard, but to aid the commission in getting the broadest and most accurate understanding of the character and obligations of these interests. The hearings will probably be held in the rooms of the tax commission, or, if necessary, in one of the legislative chambers, and will be open to all who may choose to attend.

WORK OF THE GRIM REAPER.

Mrs. Anna Nelson

Died, at Canton, South Dakota, this morning at 5 o'clock, Mrs. Anna Nelson, after a long and painful illness. The remains will arrive at Milton Sunday, the 11th inst., where the funeral train will be met by carriages and hearse and brought to this city for interment, in Oak Hill cemetery, beside her beloved and only son, Edwin A. Nelson. Deceased leaves an aged husband, G. A. Nelson, well known to many old residents, and one daughter, Edwina A. Nelson, to mourn the loss of a faithful and loving wife and mother. Services will be held from Oak Hill chapel upon the arrival of the procession from Milton, some time in the afternoon of Sunday.

EGG MEMBRANE

Used as a Substitute For Skin Grafting For Surface Wounds.

New York Special Chicago Tribune: Medical science has discovered that the hen's egg provides an admirable substitute for human flesh to graft on human open wounds. The substitute is the delicate membrane that immediately lines the inside of a hen's egg. The German surgeons first found that this membrane can be successfully used as the nucleus for granulation of open wounds. The surgeons of the Seney Hospital in Brooklyn were the first in this country to adopt and practice the Germans' discovery. Consequently Edgar A. Garbut will leave the Seney Hospital, Brooklyn, and again take charge of his laundry. Garbut, 36 years old now, fell from his bicycle two years ago and so severely injured himself that as the disease of the bones advanced it was necessary to remove the bones of his left arm, his shoulder blade, and the left end of his collar bone. While Garbut rallied, the surgeons soon saw that the wounds left by the operations would not heal on the surface. Garbut's wife, his nephew and a young man in his employ offered of their cuticle to graft on Garbut's wounds. But on December 10 the last one of the surgeons in the Seney Hospital remembered that the German surgeons say that the hen's egg provides a substitute for human cuticle in such cases. So the Seney Hospital surgeons procured some fresh eggs and from them took the membrane that lines the shells, and pieces of membrane were planted on Garbut's wounds. Soon a new skin was formed. The egg membrane did not form any part of the new membrane skin, but simply was a "starter" for it.

Yankee Girl a Pipe Collector.

The most remarkable collection of tobacco pipes in her state is owned by a young woman at Lewiston, Me., who began to collect them when she was a little girl, and has pursued the hobby ever since. She has added to the collection by sending some of them around to the great men of the world to smoke. Thus she has one that has been smoked by Bismarck and one by the prince of Wales.

OYSTERS A LA MALI.—Chop an onion very fine, place it in a stewpan with one ounce of butter and let it get a good golden color, then add a teaspoonful of cooked (finely minced) spinach, also a small glassful of white wine. Have 18 medium sized oysters chopped exceedingly small and seasoned with a pinch of salt and the same of pepper. Place these in a stewpan and let cook for 15 minutes. Put in one whole egg and also one bruised clove of garlic, stir, then take six large, clean oyster shells, fill the bottom with a bed of three parboiled oysters, cover them with the spinach mixture and besprinkle with fresh bread crumbs. Flatten the tops with a knife blade, pour a very little clarified butter over them and put for three minutes in the oven. Serve on a folded napkin, garnishing with parsley leaves.

MILITIA MEMBERS OUTING CUT SHORT

MEMBERS OF LOCAL COMPANY ARE INCLUDED.

Three Weeks Encampment This Year Instead of Four as on Previous Years—Such is the Announcement as Made by Adjt. General Charles R. Boardman.

Members of the local militia company are much interested in the report that there will only be three weeks' encampment this year instead of four as on previous years.

Such is the announcement made by Adjutant General Charles R. Boardman in regard to the National guard plans for the coming year. Mr. Boardman says:

"Instead of having the Battery, the Light Horse squadron and the separate battalion go into camp on a separate week they will this year be placed in camp with the three full regiments, each being placed in camp with one of the regiments. In this way expense will not only be saved the state but it will also make the encampment larger and of more benefit to the men.

"Just when the encampment will begin cannot be stated for the reason that we do not know when we will receive some additional equipment we desire from the government. It will, however, begin the last week in July or early in August. Especial attention will be paid during the encampment this year to field work, such as skirmish, drill and battle line formations, and we expect the encampment will be of the greatest benefit to the men. We hope to have the annual inspection before the encampment, and are in hopes of having a regular army officer detailed for the inspection. Last year because of the few officers which were not required in the field the war department did not feel that it could detail a man for the inspection."

Gen Boardman says that the guard is in better condition this year in many ways than it has ever been before and that the experience of the Spanish-American war was of the greatest benefit to the guard. The equipment is about the same as before the guard was mustered into the national service, according to General Boardman, while he declares much was learned from the war as to the actual work of an army in the field.

Gen. Boardman says that in the state a great deal of interest is being taken in guard matters, and says there are already five applications on file for the two company vacancies in the guard. The cities who want to organize companies are Green Bay, Racine, Kenosha, Viroqua and Beloit. Two companies have built their own armories this year—Rhinelander and Oconto—while the Marinette company is preparing to build an armory. Ten companies in the state now own their own armories.

Janesville is now in need of an armory.

THEY ENJOY STEADY BUSINESS

Deliveries of Leaf Tobacco Continue in About the Usual Order in All Sections.

The Wisconsin Tobacco Reporter says: Go where you will, inquire of whom you may and the story of a steady quiet business is told. Some of the warehouse men are nearing the point where they can presage the closing of the season, while others are yet a long way off from the end. The deliveries continue in about the usual order and farmers are just a trifle anxious to market their crop before the breaking up of the roads in the spring. In old goods quite on important transaction has taken place. Barnard & Wilder's packing of '98 at Evansville has been sold to L. Bamberger & Co. of Philadelphia.

Shipments out of storage from this station reach only 10 cars or 500 cases. The receipts are 10 cars. There were 1892 cases of cigar leaf exported from New York.

The City is Advertised.

Within the past month the Northwestern Novelty Co. have made freight shipments of their red line yard sticks used for advertising, to seventeen different states, extending from New Jersey to California. Every yard stick and ruler that this firm sends (and they sold three quarters of a million of them last year) bears an advertisement for themselves and this city.

Prepared to Accept Peace.

Rome, March 9.—The Agenzia Libera announces that the Italian consul at Pretoria has telegraphed to his government that President Kruger and President Steyn are prepared to accept peace on the basis of the status quo ante bellum, and that they request the intervention of the powers to bring about that end.

Presidents Will Make a Visit.

Bloemfontein, March 5, via Lourenco Marques.—Both President Kruger and President Steyn will visit the fighting federal forces at Biggarsburg. The defense line there is formidably intrenched. A thousand burghers have volunteered for active service in defense of both republics. Intense enthusiasm prevails.

Against Equal Suffrage.

Des Moines, Iowa, March 9.—The equal-suffrage resolution was defeated in the house Thursday by a vote of 55 nays to 43 years. The house passed a bill to exempt the beet-sugar plants from taxation for the next ten years.

Highest Inhabited Spot.

The highest spot inhabited by human beings on this globe is the Buddhist cloister of Hanle, Thibet, where twenty-one monks live at an altitude of 16,000 feet.

MARQUETTE CLUB'S SOCIAL

Held Last Evening and Was Attended By Many

Members of the Marquette club and friends enjoyed a social last evening at the rooms of the Rock County Caledonian society. Rev. Father William A. Goebel presided. The first number on the program was a selection, "A Freckled Frog," by a mixed quartet consisting of Misses Tessie Gibbons and Lilly Bourgmeyer, and Messrs. Oscar Servatius and Andrew J. Gibbons. Miss Alice Pettric gave a piano solo that was well received. Miss Dorothy Madause gave a humorous select reading. Misses Carrie Reynolds and Kate Driscoll sang a duet, "Beautiful Night." The evening's entertainment concluded with a well rendered piano duet by the Misses Mamie Knelf and Genevieve Conway.

ENTERTAINED MANY FRIENDS

Miss Kelloge Proved a Charming Hostess Last Evening.

Forty friends of Miss Ada Kelloge of the town of La Prairie surprised her at her home last evening. Miss Kelloge proved herself equal to the occasion and entertained the guests in a charming manner. Cards and dancing helped pass the hours pleasantly and a bountiful repast cheered the inner man. About twenty-five young people went from this city.

ATTLESEY HOME DESTROYED BY FIRE

CONFLAGRATION IN THE TOWN OF FULTON.

At an Early Hour This Morning Flames Made Short Work of a Substantial Home—Six Hundred Insurance Was Carried on the House and Contents—But Little Saved.

Fire at an early hour this morning totally destroyed the Edward Attlesey home in the town of Fulton. The flames when discovered had made such headway that it seemed almost useless for members of the family to try to extinguish them. The house is a total loss. A portion of the contents were saved. An insurance policy of $600 was carried in the Town of Union Mutual, on the building and contents.

The cause of the conflagration was an overheated stove. The fire being at such an early hour, there were but few friends about to assist in checking the flames. Members of the family, knowing that it was a most difficult task to extinguish the flames, gave their services toward saving the contents of the doomed structure.

Most of the furniture was removed. In all probability Mr. Attlesey will rebuild.

FAMOUS PLAYHOUSE BURNED.

Theater Francaise, the Home of the Drama in France, Destroyed.

Paris, March 10.—The Theatre Francaise has been destroyed by fire, in which Mlle. Henriot lost her life and seven firemen were injured. The fire created general consternation among Parisians, crowds rushing to the scene from every quarter of the city. Some of the pictures and statuary in the foyer were saved. The statue of Voltaire was destroyed. The opinion is that the conflagration was due to the explosion of a bomb, for neither the gas nor electric lights were in use at the time the fire broke out. Furthermore, premeditation is indicated by the fact that the iron screen could not be worked, and the fire extinguishing apparatus was in disorder. As Thursday matinees are attended by the rich classes, the supposition is that anarchists were at the bottom of the affair. It is believed that the bomb had a time attachment, set to go off shortly after the curtain was raised, but that it went off prematurely. An effort was made to prevent the fact of Mlle. Henriot's death being known. This led to a false rumor that her body was that of another person. Even when the body was identified at the morgue by her friends the officials declared that Mlle. Henriot was only wounded. The actress' face and chest were badly burned. Her eyes were gone, but her hair and back had not been touched by the flames. A chemise with her initials on it led to the identification of the body.

WATSON EXPLAINS HIS VOTE.

Indiana Congressman Tells Why He Supported Puerto Rican Bill.

Richmond, Ind., March 9.—Congressman Watson was renominated Thursday by the Republicans of the Sixth district. In his speech Mr. Watson explained his vote on the Puerto Rican bill. He said that although the president's message recommended free trade for Puerto Rico, an emergency now existed that must be faced. He defended the president, took all blame himself, and his explanation was applauded.

Evansville, Ind., March 9.—Congressman Hemenway was renominated today by the First district Republicans. He came from Washington for the purpose of explaining his Puerto Rican vote.

FEARED MAFEKING MUST SURRENDER

SEIGE BEING CONDUCTED WITH FIERCEST ENERGY.

Another Fort Close to the Town Has Been Taken by the Boers--Col. Plumer's Relieving Force Held in Check About Seventy Miles North of Mafeking.

Pretoria, March 6, via Lourenco Marques.—A dispatch from Molopo, dated March 6, says: "The siege of Mafeking is being prosecuted with the greatest energy. Another fort close to the town has been taken. Big events are said to be impending in the Prieska district, where the farmers have joined the federal commandoes.

Anxiety in London

London, March 8—The situation at Mafeking is causing extreme anxiety here. The latest advices show that Col. Plumer's forces are held in check by the enemy seventy miles north of Mafeking.

A dispatch from Pretoria reporting that firing had been heard from Bloemhof possibly indicates that the Kimberley column has advanced and engaged the Boers between Kimberley and the Vaal river. There is a suggestion barely amounting to a hope that a column left Kimberley as soon as that place was relieved and is now well on its way to Mafeking. Failing this, the dire straits to which the garrison is known to have been reduced three weeks ago by lack of food, must apparently grow worse until famine renders the defenders helpless.

A dispatch to the Daily News from Ladysmith, dated March 7, reports that Gen. Buller's force is now ready to advance after a much-needed rest, but its future employment is unknown. Some readjustment of the commands is being arranged, and, according to the Standard's correspondent, Gen. White is going to Stormberg, while Gen. Hunter will be given command of the tenth division. Gen. White and Gen. Hunter, by the way, were unable to attend the reception to the governor of Natal owing to indisposition.

It is announced from the Boer side that the Biggarsberg mountains are strongly intrenched," indicating that the apex of the Natalian triangle north of Dundee and Glencoe is still in their hands.

A dispatch from the Boer Hofdlaager at Glencoe reports that a general council of war, held on March 5, appointed Lucas Botha lieutenant-general for Natal, with Lucas Meyer, Schalk Burger, David Joubert, Daniel Erasmus, and Fortie as assistant generals. The appointments are thoroughly indorsed by the burghers. The appointment of such prominent leaders for command in Natal is taken to show that a large part of the army remains to guard the southern mountain barrier to the Transvaal.

Boers Killed by Lyddite.

Durban, Natal, March 7.—Lieut. Anderton, who commanded a section of the Natal naval volunteers at Ladysmith, has arrived here. In the course of an interview he said that toward the close of the Pieter's hill engagement the naval guns threw lyddite shells on a kopje 2,500 yards distant. When the place was evacuated by the Boers he visited the trenches and found ninety-eight Boers who had been killed by the concussion of the lyddite, not one of them having a wound of any kind. Lieut. Anderton declared that the fumes of the lyddite turned the hair and beards of the men to a peculiar greenish hue, while the color of their skin was a strange yellow. Fifty-two Boers were captured in one of the trenches. They were unable to flee, having been paralyzed by their fear of the lyddite shells.

Suffering in Mafeking.

London, March 9.—A dispatch from Mafeking, dated Feb. 18, which in some way reached Lourenco Marques on March 5, and was forwarded from there, says: "The defenders are despondent, but determined. Typhoid malaria has broken out in the women's laager, which the enemy is deliberately shelling. Dysentery is rife, and the garrison is reduced to horse flesh. The hospitals are full to overflowing, and the children's cemetery grows week by week. The natives have been reduced to a handful of meal a day. The enemy is raking the streets, and it is impossible to dodge the bullets. Like the saints we cry out, 'How long, O Lord, how long?' Our losses up to date have been 292."

From the Pretoria Newspapers.

Lourenco Marques, March 9.—The Standard and Diggers' News of Johannesburg, commenting on its announcement that the Transvaal dynamite factory will be utilized for manufacturing smokeless powder for the brughers, says: "Thus the much-abused factory, the destruction of which Chamberlain desired a year ago, justifies its existence, and the president reaps the reward of his sturdy maintenance of the factory, despite the opposition of the Imperialists and the Rhodesites. The factory, indeed, justified President Kruger's declaration that the dynamite monopoly was the foundation of the state."

Trials of Dutch Prisoners.

Cape Town, March 9.—The English officials here are considerably worried over the forthcoming trials of the colonial Dutch prisoners, whom they designate as rebels. They say that if these men are tried before a jury in Cape Colony it will be impossible to secure a conviction, as a vast majority of the residents are Afrikanders. This is especially true of the country districts, which are rabidly pro-Boer. Many of the English officials and residents favor the appointment by the British house of commons of a special judicial commission to try these cases.

Popular German Officer Killed.

Bloemfontein, Natal, March 6, via Lourenco Marques.—Among the Boer artillery officers who were killed while fighting under Gen. Cronje was Lieut. von Deurtz, a German, who was extremely popular. President Kruger of the Transvaal was given a most enthusiastic reception upon his arrival here. He made a rousing speech to the burghers, who cheered him again and again. It is now announced that the Boers have left the Modder river.

Why Cronje Goes to St. Helena

London, March 9.—The report of the intended deportation of Gen. Cronje and his officers to St. Helena does not seem calculated to induce the Boer leaders to accept terms of peace. The Dutch authorities in the Cape Colony may, however, regard it as a necessary measure, in view of the disaffection beginning to show itself in the northwestern and other parts of the colony.

OIL TRUST BUYS UP RIVALS.

Standard Secures Control of Its Only Big Competitors.

PRICE SAID TO BE $7,500,000.

Cudahy and Manhattan Properties in Hands of Cudahy's Agents—Deal with English Syndicate Blocs Real Move It Is Said.

Toledo, O., March 9.—The English industrial petroleum syndicate, represented in America by William C. Whitney and former President Grover Cleveland, is credited in oil circles with being the purchaser of the vast properties of the Manhattan Oil company and the Cudahy holdings in Indiana and Ohio. The English syndicate is closely allied to the Standard Oil company and is thought to have made the deal for the Standard, so it is practically true to say that the Standard has absorbed these last independent interests in the western oil fields. Representatives of the syndicate have been given positions of trust by the Standard people.

The price paid, in this largest oil deal in recent years, is estimated variously from $5,000,000 to $10,000,000 Conservative men, who have been in the Ohio-Indiana field ever since the development, say that $7,500,000 is probably a correct figure. The purchase includes 1,000 producing wells, three refineries and several hundred miles of pipe lines from wells to refining plants.

The Cudahy holdings embrace 600 producing wells with an output of 2,000 barrels of oil per day. Among the Cudahy properties are the Indiana Pipe Line and Refining company, the Northern Indiana Oil company, the Ohio and Indiana Oil company, the Cumberland Oil company, the Cudahy Oil company and the Indiana Tank Line.

Two days ago Standard Oil men commenced taking inventory in the Cudahy interests in Indiana and next week a force of men will go over the properties of the Manhattan company.

As a first move in centralization the entire office force of the Cudahys has been moved from Chicago to Lima, the oil center west of Pennsylvania.

Predicts Decline of Great Britain.

Antwerp, March 9.—Elisee Reclus, the famous French geographer, lectured here last night before the Literary and Scientific club. He occupied part of his time anathematizing Great Britain and predicting the downfall of the British empire.

British Consulate Mobbed.

Bordeaux, March 9.—A number of students and others issuing from a pro-Boer meeting marched to the British consulate, battered down the door, shattered the windows with stones, and then proceeded to the consul's private residence, where they indulged in a similar demonstration.

Fremont, Ohio, in Danger.

Fremont, Ohio, March 9.—The Sandusky River is on the rampage and already great damage has been done. The stream is the highest it has been for fifteen years. The ice has gorged and the entire lower part of the city is submerged by back water.

MASON'S RESOLUTION IS UP.

Senate Must Go on Record for or Against the Boers.

Washington, March 9.—In the senate a concurrent resolution offered by Mr. Culberson of Texas, directing the secretary of war to report a survey and an estimate of cost for improving the main ship channel in Sabine Pass, Texas, was adopted.

When the routine business had been concluded Mr. Mason of Illinois, in accordance with the notice he gave yesterday, moved to discharge the committee on foreign relations from further consideration of his resolution, introduced Dec. 6 last, expressing sympathy for the Boers. Under the rules the motion went over until tomorrow. Senator Mason said:

"I have no intention of violating the rules of the senate, but it is clearly the intention of the committee on foreign relations to take no action in regard to the resolution and I want it brought into the senate and placed on the calendar.

"The committee could give us a report if it would. If a majority of the committee is opposed to the resolution let them report it adversely. That would be making some progress. I am satisfied that 95 per cent of the people of the country are in sympathy with the Boers in their war with Great Britain and I am just as certain that a majority of this body would favor the resolution I introduced. It is the merest child's play for us to sit here and not be able to get a vote upon it."

At the opening of the session of the house Mr. Overstreet (Ind.) in charge of the conference report upon the financial bill, gave notice that he would call up the report next Tuesday. By unanimous consent it was agreed that the vote on the report should be taken at 4:30 Tuesday afternoon.

The republican majority in the house was increased two, William F. Aldrich being voted into the seat from the Fourth district of Alabama, which the election returns and the governor's certificate gave to Gaston A. Robbins, democrat. Mr. Aldrich has been a candidate three times in that district, three times defeated by the returns, and three times declared entitled to the seat on contest.

In the interval between the two election cases the house adopted the resolution reported by the committee on rules, doing away with Friday-night sessions, and giving the second and fourth Fridays of the month for the consideration of private-pension bills.

Labor Riot in Chicago.

Chicago, March 9.—A battle between strikers and scab machinists took place at Thirty-fifth and Wallace streets at 6 o'clock Thursday evening. Revolvers were drawn and the warring factions fought fiercely with clubs, sticks, stones and other improvised weapons. One man was shot through the lungs, and probably will die, while eight others were injured. The crowd was dispersed by the arrival of the Thirty-fifth street police.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.,) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. Carl Schurz Is Sick.

New York, March 9.—Carl Schurz is ill at his home in East Sixty-fourth street with a slight attack of grip.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S.S.S. For The Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

Plague Is on Board.

Port Townsend, Wash., March 9.—It is now established beyond question that the steamship Nanyo Maru, which has been quarantined here for a month, has had bubonic plague aboard her all that time, instead of beriberi, as reported by the health officers. The latter have endeavored to suppress the facts, in order to prevent a scare on the Pacific coast.

$50,000 Blaze in Fort Wayne.

Fort Wayne, Ind., March 9.—A loss of fully $50,000 was caused Thursday night by a fire which gutted the building at the corner of Harrison and Columbia streets, occupied by the Imperial Waist company and the B. W. Skelton Grocery company.

POINTING THE WAY.

When a brave admiral in war time goes into an enemy's harbor he knows that the life of every man in the fleet depends upon his skill and courage. It is a tremendous responsibility; and yet he cannot feel it any more deeply and truly than a conscientious physician feels his responsibility for the lives of those who are dependent upon his professional care and skill. He feels that his duty demands more than a mere routine, stereotyped interest in his patients; he feels that his work is a serious matter; that it is often a question of life and death.

"You have my many heart-felt thanks for your kindly advice to me in my sickness," writes Mrs. Claus Nelson, of Pico Heights, Los Angeles, Cal., Box 21, in a cordial letter to Dr. R. V. Pierce, of Buffalo, N. Y. "Also for your book which I received two years ago, and which I could not do without. It is all the Doctor I have had since I got it. I had female trouble and Dr. Pierce's Favorite Prescription, together with the advice given in his book, cured me of five years' sickness. I thought my days would not be long, but your kindness and medicine would not let me die."

For more than thirty years Dr. Pierce has occupied a grand and most unique position for benefiting his fellow beings: As chief consulting physician of the great Invalids' Hotel and Surgical Institute, of Buffalo. Almost countless thousands have sought his services and advice both in person and by letter.

"He is one of the best men in the world," said the late President Garfield, "and he is at the head of one of the best medical institutions in the world." Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser" is sent free for 21 one-cent stamps to pay the bare cost of mailing, or for handsome cloth-bound copy, 31 stamps. He makes no charge for consultation by mail; he only requests that sufferers will state their cases to him fully, freely, and in perfect confidence. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

The Unseen Power. . . .

Man has so educated himself that in order to believe anything he must see the very thing itself. But the mere fact of man stating that he does not believe, simply because he cannot see the force, does in no way lessen the workings of the concealed power. No one can see the power that moves the street cars. Does anyone doubt that the car moves simply because he cannot see the power? Certain laws must be observed before results will be made manifest. No one can see the power that is behind
